Mr. John D. Archer
Foothill Station
P. O. Box 8031
Salt Lake City, Utah 84108

Dear Mr. Archer:

Re: Phosphate Leases ML-30662 and ML-30663, DOE/047/020, Uintah
County, Utah

The Division is in receipt of your Declaration of Exemption for the above numbered State leases involving trenching and bulk sampling. Your commitment to backfilling and seeding the trenches upon termination of the sampling program are appreciated. If you would like any assistance regarding a recommended seed mix or application rate, the Division's biologists would be more than willing to assist you.

If you decide to develop your leases further and expand operations beyond the two-acre limitation, please advise our office at least six months prior to your planned date of expansion so that we may have sufficient time to process your permit application package (Mining and Reclamation Plan - Form MR-1).

If you have any questions, please feel free to call.

Sincerely,

James W. Smith, Jr.
Administrator
Mineral Resource Development
and Reclamation Program
